KX180

ONLINE INKJET PRINTER

- Built-in Linux operating system, support U disk to import database, support real-time variable data.
- Separated body design, easy to install, with 360-degree printing kit, can adjust the printing angle arbitrarily, and optional anti-collision device and fine-tuning device.
- 7-inch ultra-clear capacitive touch screen, anti-interference, all-aluminum body.
- One nozzle prints up to 12.7mm in height. There are ten languages built into the machine.

- Online multi-head inkjet printer, supports half-inch double-head, 1-6 nozzles can be used at will, to meet your needs.
- Streamlined body, all-aluminum body, good heat dissipation, suitable for long-term printing.
- The machine is simple to operate and easy to maintain. The whole machine has a one-year free warranty and professional after-sales engineers.
- The machine can print real-time barcodes with variable barcodes. 360 degree printing without dead angle.

Support multiple languages

Many kinds of barcodes

Date can be inserted

Mass production

Product number	KX180
Product Size	210*110*40 mm
Counting nuit	1-15 digits
Printing speed	160m/min
Printing accuracy	600DPI
Ink properties	Dry,water-based, oily
Printing distance	2-5mm
External interface	Power and photoelectric interface, HDMLinterface, USB interface
Use environment	Temperature 0-40 degrees Celsius, humidity 10-80%
Printing height	1-12.7mm
Printing type	Text, barcode, picture, two-dimensional code
Printing material	Sheets, cartons, pipes, cables, metals, plastics, etc.
Support language	Chinese,English,Russian,French,Spanish,Japanese,Korean,Arabic Support language Portuguese,Thai

Outer packing box

Pharmaceutical industry

furniture wood

food packaging

Cosmetics industry

Steel Pipe

Plastic and glass bottles

Aluminum
